The City of Vallejo is now requiring a business license for all businesses, even at Woofstock. Yes, that is a verified fact. To start, go to the web site <https://vallejo.hdlgov.com/Apply/GettingStarted/BusinessLicense>. If you want to read all of the verbage, scroll down to where it says: **New Business License Application**. That will outline the steps that need to be done. Next, Click on the "Begin >>" button at the top or bottom of the page. Then begin to fill out the application. In the drop-down box after "Business Type," select "Vendor, Temp..." near the bottom of the list. That will allow you to get a short term license which will expire at the end of the month. Having trouble with this call (707) 302-6074 for help. The cost of this should be in the \$30 range.

Vendor space is limited and **by invitation only. No reservations will be made without payment in full.** If you have downloaded this form from the website, space availability is not guaranteed. Please contact vendor chair to verify availability. The shows will be advertised and open to the public. We average 2500 entries per day. Booth space is assigned at the discretion of Vendor Chair and is **based solely on the arrival of your check by the above date.** The club does not furnish shade, covers, chairs or tables. These items will be your responsibility. Please advise us if you will not be able to have your booth open all four days.

*****Please note: No vendors are allowed to sell tie dye T shirts, sweatshirts, or hoodies. Anyone selling them will be asked to remove them.**

The Solano County Fire Department enforces fire safety regulations at the Solano County Fairgrounds. They have imposed the following requirements for tents and canopies used by the Woofstock Cluster, its vendors and exhibitors. **PLEASE NOTE THE FOLLOWING DEFINITIONS AND REGULATIONS.** We will need to know the size and type of either tent or canopy you intend to use.

TENTS: Tents are defined as "temporary structure, enclosed or shelter constructed of fabric or pliable material supported by any manner except air of the contents it protects". (Has sidewalls or drops on over 25% of perimeter)

CANOPIES: Canopies are defined as “temporary structure, enclosure or shelter constructed of fabric or pliable material supported by any manner except air or the contents it protects without sidewalls or drops on 75% or more of the perimeter.”

A Fire department permit is required to erect tents 200 square feet or over or any canopy 400 square feet or over. As we have to apply for the permits, we will need to know the size and type of structure you intend to use. If your shelter falls into the above categories requiring a permit, you will need to provide a fire extinguisher with a minimum rating of 2A-10BC.

All tent, canopy and interior decorative fabric is required to be flame department in accordance with State Fire Marshall standards (Uniform Fire Code 3205). **Smoking is prohibited in all tents and canopies!** We thank you in advance for your understanding.

Approximately two weeks prior to the shows you will receive a map of the fairgrounds with your booth space number and location.
